

All-Stars

Celebration Kids

Dream Team Track Information:

A part of our All-Stars program is the privilege of 5th Graders serving in a capacity within Kids Ministry. We want to instill a love for serving and a love for their church home. This additional feature is only available for 5th Graders. If they chose to serve, they would be put on an A Team (1st and 3rd Sundays) or B Team (2nd and 4th Sundays) rotation.

Kids Jr. Dream Team:

The Kids All-Stars play a huge role in the overall operations of a weekend service to make it a safe and fun experience for everyone. This team has a lot of fun creating an environment for other younger kids to learn about Jesus! These kids can pick between:

- **Pre-K**
 - Preschool aged children are truly like sponges, absorbing everything around them. If you want to make a huge impact on the next generation by shaping their minds and instilling Biblical principles in their lives, this area is for you!
- **Special Needs**
 - This classroom provides a safe space for families to drop off their kids with special needs and trust that they are in great care. We are honored to be able to offer this classroom so families can go to the worship service and be ministered to. This wouldn't be possible without our incredible Dream Team members who have patient and calm spirits to serve in this space.
- **Kinder – 2nd Small Group Leader**
 - We believe that safe, fun environments allow kids to encounter God and meet Jesus on their level. Our heart is that they experience the love of Jesus while learning Biblical truths through relational, age-appropriate teaching. Our small group leaders review the lesson through discussion and activities as we help drill the Bible story home in every aspect of Small Groups.
- **Kids Hall Greeter**
 - We believe that people are a big deal! Our heart is that families coming into our hall would feel known, loved and seen. Our Kids Hall greeters will actively welcome families into the halls with big smiles, escort new friends to their classes and be a friendly face to others who might be a little nervous!
- **Kids Motions Team**
 - We believe in putting Christ First! Our heart is for Kids to experience Christ through engaging worship and lessons on their learning level. Our Kids Motions Team will help to lead kids in worship in the classroom through motions and by setting an example. This team will require rehearsals on Thursdays before the Sunday they serve.

Kids Production Track:

Are you a techy? Do you love pushing buttons and making things happen with the click of a mouse? Have you ever seen a really well produced light and sound-show and thought, "How can I do that?" Well, now you can! Kids Production is the team that is solely responsible for making sure that every worship service runs smoothly so that each child has an opportunity to encounter Christ. This includes lights, sounds, & video.

Kids typically serve one service twice a month and attend Thursday night rehearsals the Thursday prior to the weekend scheduled.
